Mr. James McDonald
Director of Logistics
Directorate of Administration
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. McDonald:

We recently advised you of the Commission's action on January 21, 1982, on the revised master plan for the Central Intelligence Agency at Langley. As you are aware, in our review of the plan we made referrals to the Virginia State Clearinghouse, Fairfax County Government, Council of Governments, and the Northern Virginia Planning District Commission.

Many of the comments and recommendations that we received from these agencies and jurisdictions were reflected in the Commission's recommendations and action on the revised master plan. For your reference and use as planning for the CIA expansion proceeds we are forwarding copies of all of the comments we received during our review, including comments and recommendations of the McLean Citizens Association.

I would like to take this opportunity to express my appreciation for the outstanding assistance and cooperation you and the CIA staff provided us during our review of the revised master plan. We look forward to continued coordination as planning proceeds for the Phase I development.

Sincerely,

Reginald W. Griffith
Executive Director
